

REAL ID ACT INFORMATION SHEET

Passed by Congress in 2005, the REAL ID Act enacted the 9/11 Commission's recommendation that the Federal Government "set standards for the issuance of sources of identification, such as driver's licenses." The Act established minimum security standards for state-issued driver's licenses and identification cards and prohibits Federal agencies from accepting for official purposes licenses and identification cards from states that do not meet these standards.

Below are acceptable forms of identification for identity proofing for access to JB CHS if you do not have an Enhanced Driver's License:

A legible copy of the person's Social Security (SSAN) Card along with a copy of Real ID Driver's License. If you do not have a Real ID Driver's license then send a copy of one of the following: passport, passport card, Visa, or Resident/Non- resident/Permanent Resident Alien Cards. ID must be current, not expired. Preferably no photos of the above documents printed in landscape. Drivers License that say "Not For Federal Use", "Not For Federal Purpose" or "Not For Federal Identification" will NOT be accepted.
